

BIODYNAMIC GARDENING & FARMING WORKSHOP

**Friday July 16th ~9am-5pm~ \$75 w/ lunch included Location:
Lokelani 'Ohana Waihe'e Farm 2315 Kahekili Hwy Waihe'e 96793**

Instructor: Jason Harris from the Josephine Porter Institute for Applied

Biodynamics in Virginia brings to Maui the agricultural practices developed in 1924 by the late Dr. Rudolf Steiner. Biodynamics is a way of revitalizing the soil through the introduction of precious micro-organisms via 9 biodynamic preparations. Attendees will learn various composting techniques, work together to stir the nine preparations, understand seed starting for maximum results, properly utilize the Astronomical Calendar for growing the best food,

herbs, and flowers imaginable. Biodynamics is truly sustainable agriculture that is fun, affordable, efficient & environmentally sound. Come join us! Please contact Christina Chang to reserve your space in the class, 249-0254.
